## EMPLOYEES OF THE MONTH

**DAPHNE MOSLEY**  
RECEPTIONIST/HR ASSISTANT  
HUMAN RESOURCES DEPARTMENT

**Thermo-Kool** Receptionist/HR Assistant, Human Resources Department – **Daphne Mosley** was selected Employee of the Month for November 2024. Daphne was nominated by **Thermo-Kool** Human Resources Director, **Kimberly McRoy**, who commented, “Daphne is an outstanding employee. She has a positive attitude and is willing to help with any task that is asked of her. Daphne’s professionalism shines when answering company calls, and her ability to expertly navigate new recruiting software has helped streamline the hiring process. She continues to grow in her position and always has a smile on her face and kindness in her voice.” Daphne has been with **Thermo-Kool** since November 2023.

**DANIELLE HERRINGTON**  
PAYROLL II  
ACCOUNTING DEPARTMENT

**Thermo-Kool** Payroll II, Accounting Department – **Danielle Herrington** was selected Employee of the Month for December 2024. Danielle was nominated by **Thermo-Kool** Accounting Supervisor, **Justin Pugh**, who commented, “Danielle understands and exemplifies one of **Thermo-Kool**’s key mottos: ‘Showing up is half the battle.’ Despite the many tasks required by her job title, she always manages to produce quality work while never breaking a sweat. She is a true team player—always helping other departments when data is needed—and is willing to do what is asked of her without complaint in order to help meet departmental and company goals.” Daneille has been with **Thermo-Kool** since December 2019.

## ONE WORD

*Every year, our team selects a word to live and work by. This word is displayed in everyone’s respective office as a reminder of our commitment and dedication to make the new year as successful as possible.*

**Mark Fogarty**  
Executive Vice President  
**Experience**

*“By fostering trust, satisfaction, and mutual success, experience not only delivers immediate value but also strengthens partnerships, ensuring long-term relationships built on respect and shared growth.”*

**Melissa Harrison**  
Inside Sales Manager  
**Resilience**

*“By embracing resilience in my mindset and strategies it will allow me and my team to navigate through changes while seizing the growth opportunities ahead.”*

**Lee Thames**  
VP and Operations Manager  
**Cultivate**

*“My goal this year is to nurture, develop and train others with the knowledge I have gained over the last 40 years at Thermo-Kool.”*

**David Whitehead**  
Plant Manager  
**Tenacity**

*“Increased tenacity will be valuable when overcoming obstacles and setbacks throughout the next year. It will allow me to remain focused on my objectives by continuing to move forward, learning from my mistakes, and adjusting my strategies when needed.”*

# THE 2025 NAFEM SHOW: A BIG REVEAL AND BIGGER IDEAS

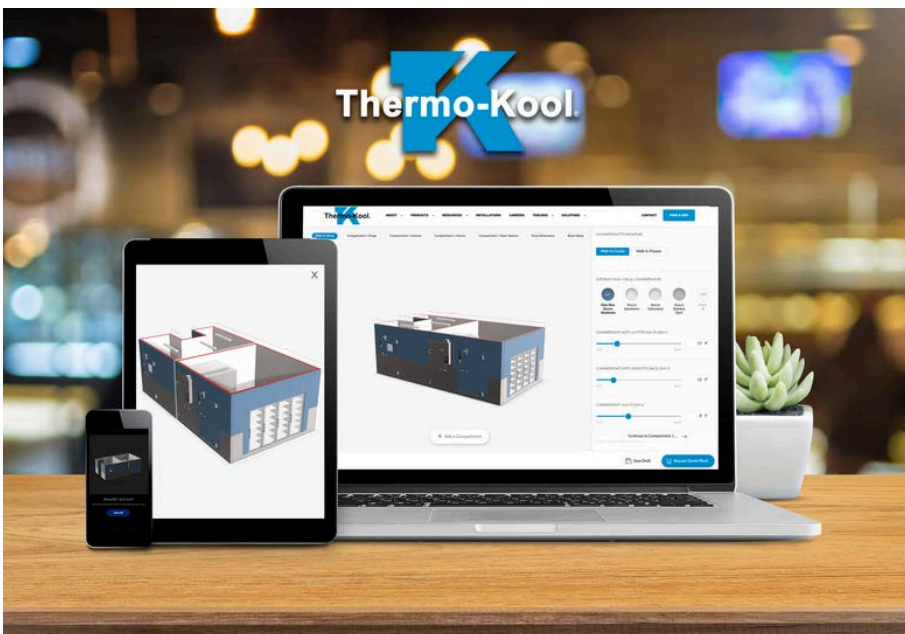

By: Lisa Hinton

It's back! The NAFEM Show returns to Atlanta, Georgia, from February 26-28, 2025, and the excitement is palpable. Thousands of industry leaders will converge on the Georgia World Congress Center for three days of innovation, connection, and inspiration—and **Thermo-Kool** is thrilled to be part of it all.

For over 75 years, NAFEM has been the premier showcase for foodservice equipment and supplies, and each year it continues to evolve, bringing fresh ideas and technology to the forefront. For 2025, **Thermo-Kool** is pulling out all the stops to give you an unforgettable experience at **booth #824**. What can you expect? Let's just say this isn't your average trade show booth—this is a walk-in revolution.

## A 3D Experience Like No Other

Leading the charge is our newly released **3D Walk-In Configurator**, a game-changer in how foodservice operators design their cold storage solutions. This cutting-edge tool allows you to customize and visualize your walk-in cooler or freezer in augmented reality—right in your space, before it's even built. It's not just about seeing your design; it's about experiencing it, ensuring every detail fits perfectly into your kitchen's workflow.

At the show, we'll have live demonstrations of the Configurator, giving you the chance to test its capabilities firsthand. Whether you're planning a new project or just want to see what's possible, this is your opportunity to step into the future of cold storage design.

## Surprises Around Every Corner

But that's not all. **Thermo-Kool** loves a good theme, and for NAFEM 2025, we're mixing things up with **a new theme each day of the show**. What are the themes? Well, that's a surprise we're keeping under wraps! You'll have to visit our booth daily to find out. Trust us, you won't want to miss the fun, the flair, and maybe even a few other surprises.

## The Power of Partnership

Another exciting highlight is our exclusive partnership with Middleby to showcase **BlueZone® technology** at our booth.

BlueZone is revolutionizing air purification in cold storage, and **Thermo-Kool** is proud to be the only walk-in company to offer this food preservation technology as an additional feature directly through our quoting process. Even more, BlueZone is the only air purification technology in the walk-in cooler space that eliminates ethylene gas, extending the freshness of produce and other perishables. It's a powerful example of how partnerships can elevate the foodservice industry—and it's just the beginning.

## A Community of Innovation

NAFEM is more than just a trade show; it's a celebration of the people who make the foodservice industry extraordinary. We're excited to reconnect with familiar faces, meet new ones, and share ideas that shape the future of our field.

**Thermo-Kool** has always believed in the power of collaboration, and we can't wait to hear your stories and learn from your experiences.

## See You at Booth #824!

The 2025 NAFEM Show promises to be a remarkable event, and **Thermo-Kool** is ready to make it unforgettable. Mark your calendars, pack your bags, and join us in Atlanta for three days of innovation, inspiration, and a whole lot of fun.

We'll see you at booth #824. Come for the Configurator, stay for the surprises, and leave with ideas that will redefine what's possible in foodservice. Let's make 2025 the year of bold innovation together!
